APEX ACADEMY

AN ENGLISH MEDIUM SCHOOL OF ULTIMATE QUALITY
AFFILIATED TO THE COUNCIL FOR THE
INDIAN SCHOOL CERTIFICATE EXAMINATIONS, (NEW DELHI)
Code No. WB 325

Madhyahingli : Mahishadal
Purba Medinipur
West Bengal - 721628

PREFACE

Long before a century, with the auspices of the Mahishadal Raj College, Mahishadal became a seat of learning with the establishment of Mahishadal Raj High School. During the fierce and fiery days of freedom movement, it marked a stupendous boost in the academic activities with the setting up of the third 'Degree college' and the second 'Girls'

School in the erstwhile Midnapore district. Since then, it has been attracting thousands of students from every nook and corner of the district and other neighbouring districts. Even today, it fascinates hundreds of youths to prosecute their studies here for its placid and unspoiled academic environment, glorious historical background, refined cultural taste and most genteel locality. As a cultural hub of the adjacent industrial city of Haldia, it constantly combats many of the natural evils of industrialisation. The obvious outcome of this congenial academic and cultural ambience is that multitudes of students have attained great success in their lives. In spite of these conveniences, the people of Mahishadal feel the deficiency of a good quality English Medium School because their children, however meritorious they may be, cannot aspire for the thriving jobs in the corporate sectors which gradually encompass the whole world. Besides, their all-round development, eloquence, farsightedness, self confidence and overall mental health are being impeded for the lack of proper schooling. To obviate these difficulties, some educationists of Mahishadal have ventured to set up an English medium school at Mahishadal. Needless to say that, it will be a school of ultimate quality and will make up for the prevalent deficiencies.

FROM CHAIRMAN'S DESK

Covid 19 has posed a great threat to two important facades of the world health and education. While it has caused the death of lakhs of people and crippled many more, it has stupendously impeded the advancement of the academic world, putting crores of poor students detached from studies and educational institutions. The health-hazards will soon be recovered but the

mammoth loss in the educational world is irreparable. We were also horrified with the closure of our school but instantly we started online classes which somehow saved our students from the academic collapse. Our guardians also came forward with their usual co-operation. The pandemic situation has taught us how to mitigate such situations. Now we are ready. We have in the meantime, employed a host of quality teachers to keep up the high academic standard.

Our school has earned a great reputation and has prospered a great deal. The teachers and the staff have immensely contributed a lot for the present prosperity of the school. They have taken, and they usually take great pains to dedicate their entire service to the uplift of their beloved institution. They have taken a vow to take absolute care of the students. No word of praise will be sufficient to describe their dedication. In fine I must pay great compliment to my colleagues, the members of the management. I am lucky that such a team of management has been formed by the grace of God. With this team, we can walk thousands of miles, with greater success that we attained during these last ten years. They all can envisage great dreams and have potentials to transform them into reality. I am sure the progress of the school is safe in their hands.

On the 10th anniversary, we had some plans for the development of the school. There were some infrastructural developments, no doubt, but we are more intent on inner development. The growth of science and technology has made the world shrink and become small, but the mind of man cannot afford to be small as that will portend danger and destruction. The students must grow up concerned for humanity and valuing life and natural resources. We will strive for the all-out development of our dearest students. We sincerely solicit everyone's co-operation.

Regards.

FROM President, M. C.

Apex Academy has now become a very renowned academic institution not only in the district but in the state. It has been affiliated to The Council for the Indian School Certificate Examinations, New Delhi and in the meantime eleven batches of I.C.S.E. students and nine batches of I.S.C. students have gone in for the examinations and came out with a brilliant result. The result alone is not the evidence of its excellence but in every field it has left its indelible marks of success. In the field of culture, our students are much advanced. We are taking steps for the promotion of sports and literary activities. Our main aim is to inculcate total manhood in a student. We aim at making the total manifestation of perfection already in man.

Our main motto is to impart English Medium schooling to all the students of the locality at a very low cost. We firmly declare that the school is not meant for making profit and the members of the management out of sheer love for spreading and popularizing English Medium education have come forward to offer their services. We have tried to keep the fees-rate as low as possible in order to facilitate the guardians. The guardians are also satisfied with the mode of running the school and they also stand by the management. This mutual understanding, I hope, will lead the school to a greater success.

I offer my best wishes to all and appeal to take a pledge to love the school more.

Regards.

Debasis Maiti

President, Managing Committee, Apex Academy.

FROM Secretary, M.C.

The elites of Mahishadal, under the dynamic leadership of Prof Haripada Maiti, set up Apex Academy at Mahishadal eighteen years back with a noble dream to attach the humble, docile and meritorious students of the placid countryside with the wide spectrum of the corporate world. The dream has been materialized to the fullest extent and Apex Academy is now a highly developed academic institution. It has become popular with the guardians because the school is four walls with tomorrow inside, where children think, dream, believe and achieve. The educational atmosphere is designed to bring the best out of every child. The school offers a holistic curriculum which develops all aspects of the growing child's personality: the physical, mental, emotional, social and spiritual potential. Extra-curricular activities are given due importance here because they are very important in developing various talents of the students, whether in sports, music, art, drama or leadership.

I would urge upon all the guardians, teachers, staff and the management to support the institution wholeheartedly so that it can find a smooth passage to future success because the development of the locality will depend on the successful development of such institution. I have no doubt that Apex Academy will, one day, be ranked as one of the best institutions in the state.

Regards.

Ramesh Santra

Secretary, Managing Committee, Apex Academy.

FROM PRINCIPAL'S DESK

'Apex Academy' had a modest beginning in 2007 with an aim to give quality education with guidance, counseling and educational diagnosis. Its unique focus has resulted with a holistic approach of attracting students from various parts of the district. Within the shortest span of time the institution has grown up with a scenic natural environment and the most conducive ambience which helps us to nourish and explore the special creative abilities already endowed in each unique creation of the Almighty God.

Apex Academy was established by Prof. Haripada Maiti with the help of some elites of the locality. Prof. Maiti is the mentor and spearhead who dreamed to make a premiere English Medium School in the district. After the long endeavor of the spearhead, the dream has now been transformed into reality. The school has received I.C.S.E. and I.S.C. affiliation from the Council for the Indian School Certificate Examinations, New Delhi. 'Apex Academy' is perhaps the only institution blessed with top functionaries including professors, headmasters, doctors and renowned academicians.

I am hopeful that 'Apex Academy' will give proper educational guidance at school so that the children can pursue their higher studies according to their interest and aptitude which would help in their future development and self actualization.

It is universally true that physical infrastructure and facilities are enabling factors for quality education. Apex Academy is well known for its huge and impressive infrastructure even though it is a new institution.

We all are determined to provide a healthy environment for the child so that he can concentrate on learning without fear, anger or anxiety, to provide enough outdoor and indoor exercise so that he gets enough opportunities for necessary outlet and catharsis of his pent up energy and emotions to provide a democratic environment, full of affection, security and love.

We must not forget that each child has god-given talent and we should bring them out and develop them. We are doing our hardest efforts to bring the best out of the children.

I myself pray to the Divine Master to endow me with sincere love for my students and deep respect for each one's unique gifts and help me to be a faithful and devoted teacher so that I may impart knowledge humbly, listen attentively, collaborate willingly and seek the lasting good of those I teach .

I, on behalf of Apex Academy, pray kind co-operation from all.

OBJECTIVES AND MISSION STATEMENT

Most of the people living in Mahishadal and its neighbouring areas are poor, under-privileged and academically impoverished. The state of learning English being miserable among them in the context of the world advancing fast towards technological development and globalization, the objective of APEX ACADEMY is to impart education to their children making them highly proficient in English and competent to meet the challenges of life, with a minimum of expenses. The school is dedicated to the development of all the people by providing them a sound academic background.

The mission of the school is to inculcate knowledge, character and confidence by manifesting, as per the principle of Swami Vivekananda, the latent qualities in children with tender care and affection, not through rigorous learning processes.

The students are imbued with the Indian culture and tradition. They are asked to shirk selfishness and they are inspired to help the poorer section of the locality by donating their mites. At least two times in a month, the students come forward with their generous contribution which combined together, forms a great bulk for help to the poor people or students. In the process, we help manifest the latent humanity in them.

18. The students should not come to school, adorned with jewellery and valuables. If such things are stolen or lost the school will not stand liable for that.

Regarding vehicles

1. The helpers of the buses are in charge of the exchange of Escort Cards. They have been strictly directed not to hand over the students to any one except parents, whose names and photographs are there in the Escort Cards or those authorized by the parents through authorized letters along with photographs. In case of loss of Escort Cards the guardians should inform the Principal of the school and they should apply for the duplicate one in exchange for a fee to be decided by the school from time to time.
2. The helper must not hand over the student even to the parents or authorized person without Escort Cards. He will bring back the student to the school and the parents will have to collect the student from the school on production of the proper Escort Cards.
3. The helper must not allow any child to get down in any place other than the place from where the child is regularly picked up. Any request from the guardian to allow his student to get down at any other place will not be entertained.

4. The helper has been seriously instructed not to pick up any unauthorized person or public into the school bus.
5. In case of any legal dispute between the parents, the student will be handed over only to legal parent. The court paper or the legal papers will have to be submitted to the school authority.
6. The guardians are requested to keep a close vigil on the attitude of the staff of the bus and to inform the Principal of any unusual behavior of the staff.
7. Some students come to school by public bus for tuition and other purpose and return by school bus. An undertaking is taken from the guardian stating that the school will not stand liable for anything that may happen on their way to school. The school only takes care of them from the school hours if they come to school.
8. The phone numbers of the guardians of all the students who travel in the bus are kept displayed on the notice board of the particular bus. Every guardian is to submit the proper and active phone number.
9. The school has provided one telephone to every helper of the bus.

Regarding School Discipline

1. The main gate is kept under the strict supervision of the security and the entry and the exit of any visitor or outsider is recorded and regulated. Anybody is allowed entrance only on proper justification of his entrance. During the school hours the roof doors are always closed.
2. A team has been formed with the following staff of the school to look into every nook and corner of the school building and the toilets immediately after the school is over to see if any student is left or kept confined anywhere and after verification Sri Souvick Dey, one of the members of the team, reports to the Principal and signs the "All Clear" register.
The members of the team are:

Grandparents' Day is observed every year. The management of the school has accordingly formed the Grand Parents' Association who will meet frequently to find out solutions for the advancement of students.

Quarterly Magazine of the Students

The quarterly magazines in English and Bengali are published under the editorship of the students. This has been arranged for the expression and culmination of the creative impulse of the young minds. The guardians are requested to see that the students try to write and contribute their original articles for the magazine.

All the guardians must give their current and active mobile phone numbers to the School.

APEX WELFARE TRUST

The academicians and elites of Mahishadal and its neighbouring areas had formed Apex Welfare Trust in 2006 with a view to promoting some welfare activities to down-trodden, financially handicapped, socially crippled and academically impoverished people of the locality. As most of the people of the locality are poor and deserve adequate help, guide and assistance, the Trust has dedicated itself to the community service to uplift their social, economic and academic trauma of anguish and ordeal.

The Trust has been duly registered by the Government of West Bengal. Since its inception, the Trust has adopted the following developmental measures:

- i) It has set up an English Medium School, Apex Academy at a very affordable cost where about 1200 students prosecute their studies at present.
- ii) It runs one Primary school, namely Apex Welfare Primary School where at least 120 students come from marginal families. The education is provided totally free of cost and the uniforms, books and stationeries are given to them for no cost. The students come from the poverty-stricken B.P.L. card holder families only.
- iii) The Trust donates text books to the school and college students of Mahishadal Block every year. Three students of each of the 29 Madhyamik and H.S. schools of the Block are given four books per head (i.e. $3 \times 4 \times 29 = 348$ and more books are given every year). Some poor and needy college students are also given some text books.
- iv) The Trust undertakes the financial responsibility of a poor/meritorious medical/engineering student. The Trust at present bears the expenses of Sri Niladri Das, an M.B.B.S. student of R.G.Kar Medical College.
- v) The Trust sponsors sports materials and uniforms to some deserving sports personalities.

SPORTS AND GAMES

The school has a beautiful and large playground of its own where the students can play and also can take part in many sports activities. Besides the Annual Athletic Meet, there are arrangements for plays like badminton, volley ball, football, cricket and table tennis etc. Intra- class sports competitions are held regularly. Yoga & Karate have been introduced. Moreover, there are regular classes of physical drill for the students. It is obligatory for every student to take part in games and sports.

GUARDIAN-TEACHER ASSOCIATION

Guardian-Teacher Association has been formed to establish a happy relationship between the teachers and the guardians. The Association meets at least three times a year to sort out and solve their problems. Besides, feedbacks on different aspects of the school are taken at least once in a year from the guardians.

THE MANAGEMENT

The school is run by Apex Welfare Trust which is a duly registered body. The elites of the society comprise the Trust and Managing Committee.

PROPOSED PROJECTS OF THE TRUST

The following projects will be implemented by the Trust soon in very near future:

- i) A free charitable dispensary for the treatment of the poor.
- ii) An Orphanage Home.
- iii) Free Coaching Camp for the poor students.
- iv) Projects for the widows and physically crippled people.

EXCURSION

The school arranges excursions to different places of interest. Besides, educational tours are arranged frequently. The school is also thinking of the continental tours. The students of the upper classes are asked to keep their passports ready.

Counseling session conducted by
Dr. Prof. Bishnupada Nanda

CAREER COUNSELLING

The school has appointed one Counselor cum psychologist who will delicately handle the behavioural problems and counsel the students in their day to day activities. She will, if necessary, deal with the problems related to the adolescence and stress of the students. She may sometimes arrange parents' counselling session, as required. The guardians must attend the counselling session, convened by the school. Counselling session will be started after the submitting of the written consent of the parents.

In case of the misbehavior of a student, the school will first of all try to counsel the student with the co-operation of the guardians. But if the student is incorrigible, he or she will have to leave the school. Any abnormal or immoral activity on the part of a student will be severely dealt with and even will be rusticated from the school.

THE PLEDGE

“India is my country.
 All Indians are my brothers and sisters.
 I love my country and I am proud of its rich and varied heritage.
 I shall always strive to be worthy of it.
 I shall give my parents, teachers and all elders respect and treat everyone with courtesy.
 To my country and my people, I pledge my devotion.
 In their well-being and prosperity alone lies my happiness.”
